Addenda Number One

Date: February 2, 2017

1. Due to the specs being proprietary to AEV, will Johnston County be open to comparable substitutes as no other manufacturer can build an AEV ambulance?

The specifications issued by Johnston County are not proprietary and are public records under the North Carolina Public Records Act. Any reference to brand names in the specifications is made to aid the Vendor and indicate more clearly the quality desired and is not mentioned to limit or restrict the bidding to any particular brand. Alternate bidder solutions may be considered by the agency if the bidder can show the agency that the alternate solution is, in quality and quantity, equal to or better than the specified item.
